## POST RESULTS SERVICES

### **Clerical re-check – Service 1**

This service includes the following checks:

- that all parts of the script have been marked.
- the totalling of marks.
- the recording of marks.
- the application of any adjustments.
- the application of grade thresholds.
- the application of any special consideration, where applicable (indicate on form).

The outcome of the re-check will be reported along with a statement of the total marks awarded for each unit/component included in the enquiry. The target for completion is within 10 calendar days of the exam board receiving request. If the overall subject grade changes, there will be no charge.

Grades can go down as well as up.

### **Review of marking – Service 2**

This is a post-results review of the original marking to ensure that the agreed mark scheme has been applied correctly.

This service will include:

- the clerical re-checks detailed in Service 1
- a copy of the reviewed script
- a second examiner will review the paper again to identify genuine marking errors or unreasonable marking
- ensuring all the marks have been counted

The deadline for completion is within 20 calendar days of the awarding body receiving the request. If the overall subject grade changes, there will be no charge.

Grades can go down as well as up.

### **Access to scripts**

A copy of the original student script. If this is requested, please complete the form available to you in school.

## Review of Results Process

All Reviews of Marking (ROMs) should first be discussed with the Head of Department and/or Subject Tutor who will advise on the viability of such a request.

After students have received their results, Subject Leaders will look at the individual marks achieved by students and consider whether any students are very close to grade boundaries and a 'review of marking' could therefore be beneficial. Where it is the school that has deemed a 'review of marking' viable the school will cover the costs. Above and beyond any requests submitted by the school the costs for additional 'reviews of marking' will need to be covered by the student/parent/carer.

In the school's experience, it is unusual for marks to change upwards by more than a marginal amount. However, the school reviews the marks that your child and others have achieved and will advise candidates if we feel there is an anomaly and that the paper should be reviewed.

## CERTIFICATES, TECHNOLOGY AND ART PRACTICAL WORK

Certificates will follow once they have been delivered to us, normally by the end of the year. Please remember that once issued, certificates cannot be replaced. Certificates are important documents and most educational institutions, and potential employers will ask to see your original certificates. If you lose or fail to collect your Certificates, you will need to obtain duplicates from the relevant Awarding Body.

The Awarding Bodies no longer replicate certificates unless you can prove they were destroyed by theft, fire or flood; they will only issue a Statement of Achievement. This currently costs in the region of £45.00 per 'Statement of Achievement'.

We will be in touch with further information relating to the collection of your certificates and to inform you about arrangements to collect any practical work.
