Headteacher: Philip Stack BSc MA NPQH

## Design & Technology Technician

**32.5 Hours per Week (Flexible) | Term Time Only.**  
**Actual Salary £20600.00 plus Crawley Weighting**

Are you practical, organised, and looking for a rewarding role within a friendly and supportive school community?

Oriel High School is a thriving, modern secondary school with excellent purpose-built facilities. We are seeking an enthusiastic and reliable **Design & Technology Technician** to join our successful Design & Technology department.

This role offers the opportunity to work in a positive and fulfilling environment where no two days are the same. You'll be part of a welcoming team, supporting students as they develop practical skills, creativity and confidence through Design & Technology.

### Why Join Us?

- **Flexible working hours**, with the role offered at up to **32.5 hours per week**, allowing some flexibility to fit around your schedule.
- A friendly, supportive and experienced team who are committed to helping each other succeed.
- Modern, purpose-built Design & Technology facilities and workshops.
- A rewarding role where you can make a real difference to students' learning experiences.
- An excellent opportunity to gain experience within a school setting, whether you're considering a future career in teaching or looking to develop your skills within a practical or technical workshop environment.

### The Role

As Design & Technology Technician, you will play a key role in supporting the smooth running of the department by:

- Preparing materials, tools and equipment for practical and theory-based lessons.
- Cleaning, maintaining and carrying out basic servicing of machinery and workshop equipment.
- Ordering, organising and storing materials and consumable resources.
- Supporting health and safety procedures within the department.
- Assisting with administrative and organisational tasks as required.

## What We're Looking For

We are looking for someone who is:

- Enthusiastic, proactive and dependable.
- Organised with good attention to detail.
- A flexible team player who enjoys working with others.
- Comfortable undertaking practical tasks and working with tools, equipment or machinery.
- Keen to contribute to a positive learning environment for young people.

Experience working with tools, machinery, engineering, manufacturing, construction, maintenance or similar practical environments would be beneficial, although **full training and support will be provided**.

For an informal discussion about the role, please contact **Chris Maynard, Subject Leader for Design & Technology**.

Closing date is 12pm on Sunday 1<sup>st</sup> November, but please note applications will be reviewed on an ongoing basis, and we may close the vacancy early if a suitable candidate is appointed.

To apply, please visit:
